MS Patent Application
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

1. The present application is under obligation of assignment to Agensys, Inc., a corporation of California entitled to small entity status.
2. The subject of the patent application is a major asset of Agensys, Inc.
3. The development of the technology set forth in the application, which is critical to Agensys, Inc. and which is of significance to biotechnology, will be significantly impaired if examination of the patent application is delayed.
4. The petition fee under 37 C.F.R. 1.17(h) is enclosed.

Explanation (MPEP 708.02, XII, c) of the basis for statement 3:

Application No.: Not Yet Assigned

Docket No.: 511582008100

The present application relates to a technology which is critical to the development of products needed to attract investment. As there will be no incentive provided by exclusivity to develop this technology on behalf of Agensys, Inc. development will be severely impaired and funding may not be available without assurance that the application will be quickly examined.

Dated: January 23, 2004

Respectfully submitted,

By 
David L. Devernoe
